Muhammad Kashif

Full Stack Developer

I am a **Full Stack Developer** specializing in the **MERN** stack and **T3 stack (Next.js + TypeScript)** for web development, with expertise in **React Native** for mobile apps. I excel in building **REST APIs** and managing databases like **PostgreSQL** and **MongoDB**, alongside hands-on experience in **CI/CD pipelines** and **DevOps** for scalable, production-ready solutions.

Work Experience

Freelancing
 2022 - 2023

Versatile full stack developer adept in **MERN stack**, **Tailwind CSS**, and **TypeScript**, delivering dynamic web solutions.

Future Dev Solutions
Lahore - Pakistan, 2023 - 2025 (Ongoing)

- **Frontend Development:** Developed and maintained complex applications using **Next.js, React.js, and React Native**, ensuring responsive and dynamic user experiences across web and mobile platforms. Utilized numerous UI frameworks for modern, scalable **front-end design**.

- **Mobile Development**: Built and deployed mobile applications using **React Native**, delivering high-performance, cross-platform solutions for both **iOS and Android**.

- **Backend Development**: Built robust **RESTful APIs** using **Node.js** and **Express.js**, with database management via **MongoDB**, **PostgreSQL**, and **Prisma**. Implemented scalable, high-availability back-end solutions.

- **DevOps & CI/CD Pipelines**: Hands-on experience managing deployment processes, automating workflows, and optimizing cloud infrastructure. Built **CI/CD pipelines** ensuring fast, reliable releases.

- **Leadership:** Led cross-functional teams, managed product life cycles, and ensured smooth coordination between developers and stakeholders. Demonstrated strong problem-solving and critical thinking.

Education

Govt Associate College Marot
Intermediate in Computer Science
2019 - 2021

Govt Associate College Marot
Associate Degree Program
2021 - 2023

Projects

- **OrbyPOS**
- **orbypos.com**
- Restaurant management system with dashboard, fiscalization, menu management, orders, reports, device control, integrated payments, custom subdomains, table management, and user roles.
- **QI-Tech**
- **qi-tech.co.uk**
- Professional incident reporting system currently used by over 700 pharmacies in the UK including Well Pharmacy.
- **Ferd AI**
- **app.ferd.ai**
- An intelligent design generation platform that collects user requirements and creates custom designs, components, and design tokens using advanced AI algorithms.

Technical Skills

Next.js	Type Script
React.js	Express.js
React Native	Node.js
CI/CD Pipelines	Mongo DB
RESTful APIs	Prisma
JavaScript	Version Control

Soft Skills

Critical Thinking	Project Management
Communication	Team Leading

Languages

English	Urdu
Punjabi
